CamConn.net Sold to In The Stix

CamConn.net, a division of Precision Business Solutions, has been sold to In the Stix Broadband, effective March 4th, 2010.

Precision Business Solutions focuses on providing IT Management and Support Services to businesses and local government. CamConn.net was sold to allow Precision Business Solutions to refocus all their resources on providing IT Services to their clients.

“Our biggest concern were our CamConn.net customers”, said Brian Shrift, President of Precision Business Solutions. “Many of these customers have been with us since day one, and we wanted to ensure that whoever purchased CamConn.net would provide the same level of service they have been accustomed to. After talking to In The Stix and Cambria Connected, we all felt this was a perfect match.”

Precision Business Solutions will be working with In the Stix to ensure a smooth transition. All open support tickets have been reviewed and transferred over to In the Stix for continued support. Any customers with questions regarding the transition are urged to contact either company for full details.

Precision Business Solutions / CamConn.net: 814.266.0206, 814.471.0206
In The Stix: 1-866.590.6823
